Brownell Refused Verdict

Testifies He Told Talbott Was Unable To Give a Verdict On 2-Job Question

WASHINGTON (AP)—John A. Johnson, Air Force general counsel, testified today that he discussed Secretary Harold E. Talbott's outside business interests with Atty. Gen. Brownell last January, and Brownell "expressed no disagreement" with his opinion they were legal.

Johnson told investigating senators he wrote a "draft memorandum" on the matter after learning that the Radio Corporation of America (RCA) was questioning both the propriety and legality of doing business with a management engineering firm in which Talbott was a partner.

Johnson said "The secretary asked me to discuss the matter with the attorney general," and that he did so last Jan. 6.

"My meeting with the attorney general was very brief," Johnson continued. "I showed him my draft memorandum . . .

"He expressed no disagreement with the legal conclusion stated in the memorandum.

"However, the attorney general said that he would like to take the matter under consideration. The attorney general said that I could expect to hear from him in a day or two, and that in the meantime I should take no further action in the matter.

"The attorney general did not get in touch with me, and I have had no further discussion of the matter with him."

Johnson gave the account of the visit to Brownell in a prepared statement which he read to the Senate Investigations subcommittee. The senators are inquiring into the propriety of Talbott's partnership in the New York City firm of Paul B. Mulligan and Co. Some of the firm's clients do business with the Air Force and the Defense Department.

Mulligan testified yesterday that Talbott has received \$132,032 in profits from the firm since becoming secretary of the Air Force in February, 1953.

Sen. McClellan (D-Ark), the subcommittee chairman, announced as Johnson took the stand that Talbott has asked for permission to testify further in the inquiry, and that the permission would be granted. He set no time for Talbott's appearance.

In question and answer testimony, Johnson defended the role he played in advising Talbott. He said the executive order which created the general counsel's job declared him "responsible for furnishing all necessary legal advice to the office of the secretary of the Air Force."

No Tax Increase, Assures Mayor And Councilmen

Mayor Julian Bagby and seven members of the City Council Tuesday issued a statement assuring Sedalians that passage of the proposed Sedalia Urban Plan will not increase city taxes. The eighth member of the Council, Dr. Ira White, was in Kansas City on vacation and could not be reached for his signature on the statement.

The statement reads: "The City Administration of Sedalia wishes to assure all citizens that passage of the Sedalia Urban Plan Bond Election will not increase city taxes.

"This decision was reached by the Mayor and all members of the City Council after careful study of the report of the finance committee setting out the city's financial condition as it exists now and in the foreseeable future.

"Sedalia's cost for the Urban Plan of \$250,000, or less, as proposed in the Bond Election to be held on Tuesday, August 2nd, will be paid from increased revenue which the city will realize from additional homes and the business places recently constructed, under construction, and planned for immediate construction.

"Again, we assure all citizens that a favorable vote on the Bond Election next Tuesday will not increase city taxes."

Election Is Aug. 2--

Rotarians Are Told of Sedalia's Need for Approval of Urban Plan

Ray Lippard, general chairman of the Urban Area Plan, was the speaker at Rotary Club Monday noon at Bothwell Hotel, at which time he explained the need for citizens to vote for the plan on Aug. 2 as a step forward in the progress of the city.

This plan, he said, is state-wide and originated with the planning department of the State Highway Commission. It is being offered to 38 cities in Missouri and already St. Louis, Kansas City, Springfield, Caruthersville, Hannibal and Joplin have voted bonds to put the plan into operation. It is understood that Columbia is planning to vote a \$500,000 bond issue.

Lippard pointed out that Sedalia will either join in and go along with this modern program or will be left completely out.

The plan, if accepted by the citizens of Sedalia, will do the following things the speaker said:

It will modernize the two highways within the city limits. It will make Broadway a beautiful boulevard, professionally landscaped and modernized. It will remove much of the north-south traffic from Broadway and Missouri, as the program calls for carrying Highway 65 straight north to Main and curving northeast to a point 3,200 feet beyond the city limits on present Highway 65 north.

It will guarantee the expenditure of \$250,000 to complete the program within the city limits of Sedalia. An important item that needs to be stressed, Lippard said, is that much of this \$250,000 will be spent for labor and, of course, the expenditure of this amount of money in Sedalia will benefit everyone, industries, merchants, workers and professional men.

It will mean that the state will take over the maintenance of approximately 6.4 miles of city streets, which in itself will represent a big savings to our community.

It will not cost one single penny in additional tax as our city administration has repeatedly emphasized the fact that due to the growth of Sedalia there is foreseeable revenue to retire these bonds without an increase in tax levy, Lippard said.

How can we as a progressive town afford to pass up such a program, he asked. We will lose this program unless we vote for it, Lippard told the group. Aug. 2 is the day of destiny for Sedalia. If our people go out and cast a yes vote, then the above program will be ours and we will join with other progressive cities of the state in a long step forward for this community, he said.

The speaker pointed out that details of the Urban Plan were published in map form in Sunday's Democrat-Capital.

He then introduced members of the steering committee, Clyde Swafford, Jack Faber, W. C. Cramer, Cecil Owen, Norbert Brosch and K. U. Love. Each man spoke briefly about the plan. Paul Nightingale, another member of the committee, was unable to attend. Kirk P. McCrary was program chairman.

The meeting was presided over by D. W. Heckart, with invocation by the Rev. R. M. Lehew, Singing

Killed by Automobile

ST. LOUIS (AP)—Dr. Henry G. Pieper, 73, was struck and fatally injured by an automobile last night as he attempted to cross a street near his office in South St. Louis.

Dr. Pieper was a general practitioner here 50 years. His widow survives.

was led by Dick Snow with Miss Lillian Fox at the piano.

Visitors introduced by Leon Hall were Ralph Gunther, Ft. Worth, Tex., and Omer West, guests of Aubrey Owen; Kenneth Buchholz, guest of Dick Snow; Jack Tate, Jefferson City, guest of Leon Hall; Charles E. Rich and Bill Francis,

Washington, D. C., guests of W. E. Hurlburt Jr.; and Rotarian Larry Griffith, Port Allegany, Pa. Those visiting other clubs were Merle Vaughan, Ft. Collins, Colo.; Bob Johnson, Marshall; O. W. Wiley, Clinton; Fred Crnic, Centuria; and Charley Hofheins, Lexington.

FRESH AIR POLITICS—Democrats from around the state enjoy the fresh air and food at the first annual party fishery held in Liberty Park last Sunday. An estimated 2,400 pounds of fish were served to the crowd with auxiliary supplies standing by.

Also Asks Changes on Engineer--

Traffic Commission Requests Council Approve Truck Route

The Citizens Traffic Advisory Commission Monday night recommended a system of truck routes for Sedalia and a map of the proposed routes will be forwarded to the City Council for action.

In two separate motions, it also recommended that parking on Engineer be prohibited on the west side from the Missouri-Pacific tracks to Broadway and from Broadway to 16th.

Other recommendations made to the City Council Monday night were that:

1. Traffic control signals, now turned off throughout the city at midnight, be changed to give flashing signals from midnight to the time regular day operation resumes.

2. Parking be prohibited on the east side of Massachusetts from Broadway to Tenth.

3. The clearing of the four corners at Grand and 16th be strictly enforced and that parking be prohibited on the east side of Grand from 16th to Magnolia.

4. Parking be prohibited throughout the downtown business district from 2 to 5 a.m. to permit unrestricted street sweeping during those hours, as already required along Ohio from Main to Broadway.

5. The City Council consider the purchase and installation of a speed check device and post signs at all four entrances to the city warning of its use.

The truck routes recommended by the Commission are:

All of Broadway, Main, 16th Street, Grand, Ingram, and Engineer; Limit from the south city limits to Broadway; Missouri from Broadway north to city limits; Ohio from 16th to Broadway; Osage from Pacific to the north city limits; Hancock from Broadway to Third; Heard from Tower to the north city limits; Third from Hancock to Engineer; Booneville from Engineer east to the city limits; and Tower from Engineer to Heard Ave.

Trucks using these routes may move off them to make pick-ups and deliveries by the shortest ways possible and must then return to them for further travel.

The Commission studied proposed through streets as recommended by Hare and Hare, city planners, and agreed to discuss the proposals with the Citizens Planning Commission before the Planning Com-

mission makes its final recommendations to the City Council.

The Traffic Commission expressed its wish for quick compliance with a City Council order some time ago for lights to be installed at the two city parking lots. It also expressed hope that steps would soon be taken to decide on some sort of safety device at the MKT crossing on East Third for times when there is no watchman.

Mexico Mayor Ponders Debt Owed by State

MEXICO, Mo. (AP)—What the Mexico City Council would like to know is whether the state of Missouri is in favor of sewers or not. Under urging by the State Board of Health the city set up a postwar program of added sewer installation, including a number of new sewer districts.

Tax bills have been paid by all the property owners assessed—except one. The one is the state of Missouri, owner of a new National Guard armory. The armory is on the sewer line, but the city has been notified that the state refuses to pay the bill.

"I feel that the state is just like any individual; if they owe it, they should pay it," said Mayor Pro Tem Scott Yeargan, presiding over a council meeting which discussed the problem.

"The trouble is in getting it," said City Manager Calvin Lakin. Lakin said the state had cited statutes holding armories exempt from all taxation. But in turn he cited rulings that improvement assessment bills were not taxation. Lakin said state laws forbid the city from sharing in sewer costs, and said it would not have been fair to load the armory's share of the sewer line cost onto the neighbors in the district.

City Attorney Lon J. Levis said "It seems to me that if this situation should be properly presented to the Missouri Supreme Court it might be induced to take a new view of these matters. It could find a way to correct the situation if it would be disposed of so."

St. Louis County Passes Postponement Of Bond Issue Vote

ST. LOUIS (AP)—The St. Louis County bond issue election probably won't be held Oct. 4, the date originally planned for it.

The citizens' bond issue screening committee voted 11-3 last night a motion that "there be no bond issue election held until a complete, rounded bond issue program be voted on."

Harry A. Mayer, vice chairman of the committee, said subcommittees won't be able to finish their work in time for an Oct. 4 election.

The committee already has approved \$27,400,000 in proposed public improvements to be included in the bond issue election.

Tickets Are Available For Ham Breakfast

Tickets for the Annual Country Ham Breakfast which will be held Monday, Aug. 22, are now available at the Chamber of Commerce Office. Speaker for the event will be Harry S. Truman.

There are 600 tickets with no complimentary tickets this year. Those wanting tickets should secure them as soon as possible.

Chamber of Commerce, 4-H Picnic Tonight

Chamber of Commerce members are reminded to pin on their yellow tickets, take their plates, knife, fork, spoon and glass and be at Liberty Park tonight at 6:30 p.m. This is the night of the 4-H Club-Business and Civic Leaders Picnic for which 4-H members, their parents and leaders have prepared a real feast with fried chicken as the main dish and everything to go with it.

U.S. Officers, Red China Schedule Talk

WASHINGTON (AP)—The United States was described today as ready to discuss a number of Far East problems directly with Communist China if the Reds agree to free 51 or so American citizens.

U.S. officials said Red China's attitude toward this long-standing American demand would determine the scope of the special conference which, it was announced yesterday, will begin next Monday in Geneva.

If the Chinese Reds refuse to release 11 American airmen and 40 civilians, they said, there will be no point in talking about other tensions, such as a Formosa cease-fire.

Sen. George (D-Ga.), chairman of the Senate Foreign Relations Committee, said in a separate interview the talks may help clear the air for a future conference on other matters with Red China, perhaps on the foreign ministers' level.

Peiping radio proposed yesterday that the fate of Nationalist-held Formosa and Red China's admission to the United Nations "be settled through consultation among the countries concerned."

George said Dulles made it clear at a closed meeting of the Foreign Relations Committee yesterday there would be at the ambassadors' talks in Geneva no discussions "involving any third party — in this case, Nationalist China."

On Formosa, the Nationalists maintained official silence.

Noncongressional informants said the Geneva talks will not seek to chart an over-all Far East settlement but will concentrate on what are regarded as issues between the two countries. Nationalist China, therefore, would not be directly involved.

This formula would bar any agreement on the future of Formosa. Such items as the Western trade blockade of the Chinese mainland and Red China's aid to Red forces in Indochina and Korea could be introduced.

Dulles, acting through the British, is reported to have initiated the idea of the special conference as a reply to Chou's public offer last April for direct talks.

U. Alexis Johnson, American ambassador to Communist Czechoslovakia, will represent the United States. American officials expect Wang Ping Nan, ambassador to Poland, will represent Red China.

Canadian Fires Blaze Faster Than Workers Can Put Old Ones Out

TORONTO (AP)—Canadian officials said today 6,000 men battling more than 150 forest fires in the Ontario woods may be in the fire lines until September.

"We are trying to do the impossible," a forest ranger said. "We're putting out 14 fires a day but that's not fast enough because they are breaking out at the rate of 20 a day."

The latest count was 153 fires with 33 burning unchecked in the timber-rich north country. More than 200,000 acres of prime timber have been burned.

Firefighters were holding back one of the biggest blazes in the province, a 60,000-acre outbreak near Blind River.

Under Maj. Gen. John C. McLaughlin--

Local National Guard Units In Summer Training at McCoy

KANSAS CITY (AP)—Movement of the 35th Infantry Division to summer field training at Camp McCoy, Wis., is under way.

Advance elements of the Missouri and Kansas National Guard division will be leaving at intervals this week, climaxed by the entraining of the bulk of the troops next Saturday.

It will take 18 special trains—11 from Missouri and 7 from Kansas and 19 highway convoys to move the Santa Fe Division's 8,000 officers and men to the summer encampment.

The division, under command of Maj. Gen. John C. McLaughlin, Sedalia, Mo., will carry out two weeks of training in the field with

Dulles Thinks Threat Of Conflict Recedes

LEAVES FOR SOUTH AMERICA — Willard Howe, 21, Chicago, shown as he prepares to leave on a 9,000 mile trip to South America. He stopped in Sedalia to visit his Aunt and Uncle, Mr. and Mrs. Bill Reid, 1100 South Sneed, and his grandfather, W. W. Howe, 514 Dal-Whi-Mo Cr. (Staff Photo)

Leaves Sedalia Tuesday--

Goes On a Motorcycle Tour Throughout South America

A 21-year-old student from the University of Chicago left Sedalia via motorcycle Tuesday morning for an estimated 9,000-mile trip through the southwestern United States, Mexico, across the Panama Canal and into South America.

Willard Howe, who was born in Sedalia, stopped over here Monday, having ridden his motorcycle here from Chicago on the first leg of his trip. He had attended the baccalaureate services of his grandmother, Mrs. May Howe, who is graduating from Central Missouri State College in Warrensburg, Sunday evening.

Young Howe visited his grandfather, W. W. Howe, 514 Dal-Whi-Mo, yesterday, and spent the evening with his aunt and uncle, Mr. and Mrs. Bill Reid, 1100 South Sneed.

With his motorcycle loaded heavily

Urban Plan Vote Club Organized By Local Women

Forty-four Sedalia women have volunteered to start a Five-Vote Club, in which each member pledges to get a minimum of five votes favoring the Urban Area Plan in the Aug. 2 election on the proposed \$250,000 bond issue.

Mrs. Ike Warren, chairman of the club, is seeking more volunteers, and they may call her at telephone number 895.

The starting members are: Mrs. Gladys Alpert; Mrs. Martha Austin; Mrs. Anna Bagby; Mrs. Otto Bohnsteln; Mrs. F. Emory Bowman; Mrs. Eddie Boyzell; Mrs. Sam C. Brown; Mrs. Jack Cunningham; Mrs. Frances Dieffenbach; Miss Ann Fletcher; Mrs. Marjorie Garansson; Mrs. Jim Garrigus.

Mrs. Bud Garst; Mrs. Peg Hurlbut; Mrs. Ed Kehde; Mrs. Ray Lippard; Mrs. Ida Logan; Mrs. Fran Love; Mrs. R. A. Malone; Mrs. Newton Nelson; Mrs. Floyd Priddy; Miss Beverly Hoss.

Mrs. J. Carl Oswald; Mrs. Marcella Owens; Mrs. Evelyn Painter; Mrs. Harry Phelan; Mrs. R. F. Phelan; Mrs. Wm. L. Reinhart; Mrs. Fannie Rosenthal; Mrs. Joe Ruddick; Mrs. Jean F. Schumacher; Mrs. James Short; Mrs. V. A. Seigel; Mrs. Ruth Siefert.

Mrs. Virginia Stafford; Mrs. Ruth Swearingin; Mrs. J. L. Van Wagner, Sr.; Mrs. J. L. Van Wagner, Jr.; Mrs. Vivian Warren; Mrs. Bertha Rose Welch; Mrs. Lucille White; Mrs. O. W. Wiley; Mrs. Don Anderson; and Mrs. Kenneth Middleton.

ily with spare parts and going light on clothing. Howe struck out for Phoenix, Ariz., today on the second lap of his trip. There he will visit his uncle, Al Henderson, Mrs. Henderson visiting in Sedalia at present.

After his Phoenix stop, Mexico will be next on the route. While there, he plans to camp out nightly and do most of his own cooking when possible. He reports that he had all of his visas cleared before leaving Chicago and that he even obtained firearms permission from most of the countries he will visit.

Howe reports that Chile will be as far as he expects to go into South America. Then he will begin his homeward trek, along much of the same route he went down.

When asked what he intended to do for spare parts, he replied, "I have the motorcycle loaded down with everything I will possibly need. When I get to Phoenix I plan to buy new tires if I have any doubts about their making the trip."

He said that any unexpected complications will have to be coped with when the time comes.

With his schedule calling for a return home by Sept. 1, Howe believes that he can make this date with little trouble.

Howe will be a senior at the University of Chicago this next semester. His parents, Mr. and Mrs. Leonard Howe, are both former Sedalians, now residing in Chicago. After graduation Howe plans to go into flight training through the Naval Cadets program.

Bagworm Damage Now Severe In This Area; Describe Controls

According to reports and inquiries, bag worms are causing considerable damage to cedars and ornamentals in this area. This insect can be noticed in small sacks about 1 1/2 inches long hanging on ornamental shrubs. During the summer these bags contain dark-brown shiny-bodied worms which feed heavily on the plant.

These pests may be controlled either of two ways: Pick off the bags by hand or spray with toxaphene. Use one tablespoon of 50-55 per cent toxaphene emulsifiable concentrate in one gallon of water.

For the best results and to avoid as much damage as possible, the recommendations of the Missouri Extension Service is to spray in mid-June. However, since these insects are still feeding it would be wise to spray them now.

Credits Big-4 Geneva Talks In Slowdown

Virtually Repeats What President Said In Nationwide Talk To People Monday

WASHINGTON (AP)—Secretary of State Dulles said today "war danger has receded" as a result of the Big Four summit talks at Geneva.

Dulles' news conference statement amounted to saying in new words what President Eisenhower said last night — that a spark of world peace was ignited at the Big Four summit conference but much patience and sacrifice will be needed to keep that spark alive.

Eisenhower, in a nationwide broadcast reported on the session from which he had just returned, added that "some giving on each side will be needed."

Dulles told his audience of newsmen the United States intends to find out at talks in Geneva beginning Monday whether Red China will accept a cease-fire in the Formosa area.

He added the American representative at the Geneva meeting will be ready to listen to and discuss any matter which Red China brings up which directly involves Red China and the United States.

Reporting on the Geneva summit meeting, which he also attended, Dulles said he is convinced German unification is in the air and that eventually this cherished goal will be achieved.

He listed the major results of the top level Big Four meeting as these:

1. Relations between the West and Russia have now become less brittle. This does not mean an early settlement of all issues but that diplomats can begin negotiating problems without fear that war will suddenly break out.

2. A far reaching demonstration of resourcefulness and initiative by the Western Powers in dealing with the Soviets. He cited, in this connection, Eisenhower's dramatic proposal to exchange military blueprints with Russia and permit air reconnaissance of each other's military installations.

The President's proposal, he said, is the most dramatic sober and peaceful ever recorded in history. If the Russians have a genuine desire for peace positive results will flow from this proposal.

3. There is hope Russia will do something about the subversive activities of international Communism. Soviet leaders made no promises in discussing this but they now realize something must be done in this direction if they want to improve relations with the West.

4. The West brought home to the Soviet leaders their view that Eastern European satellite countries must have a measure of freedom, including opportunity to select their own governments.

Eisenhower in last night's broadcast asserted there were no secret agreements at his session with the prime ministers of Britain, France and Russia.

Minnesota Motorists Feel Brunt of Law On License Plates

ST. PAUL, Minn., (AP)—More than 300 Minnesota motorists have felt the force of a new law which has given the courts new power to deprive them of the use of their automobiles for certain traffic law violations.

The law, enacted by the 1955 Minnesota Legislature, empowers courts to take away license plates of drivers convicted of driving after their drivers' licenses have been suspended or revoked for earlier traffic violations.

The law is the first of its kind in the nation. License plates have been impounded in a total of 301 cases since the law went into effect April 16.

More than 200 of these cases were in Minneapolis and St. Paul.

Surgery: Mrs. Anna Krouleek, 415 North Hurley.

Discharged: Mrs. Richard Holden and daughter, 608 West Second; Mrs. Amos Leuten, Cole Camp; Paul Houston, 1601 West 14th; Miss Louise Leeper, 812 East Seventh; Phil Burford, 1006 South Grand; Mrs. Richard Schwalie, 916 South Vermont.

WOODLAND—Surgery: Thomas E. Delph, 1708 South Quincy.

In Other Hospitals

W. G. Martin, retired Missouri-Pacific engineer, entered the Missouri-Pacific Hospital in St. Louis Saturday for a checkup. His condition is fair. His daughter, Mrs. E. L. Ringen and Mr. Ringen, 1220 East Seventh, with whom Mr. Martin makes his home, accompanied him to St. Louis and Mrs. Ringen remained there with him until Tuesday.

Paul Robert Kehl, 12 year old son of Mr. and Mrs. Harry Kehl, 1205 South Kentucky, underwent leg surgery Monday, July 25, at Mercy Hospital in Kansas City. His condition is satisfactory. Paul had surgery on his hip and other leg on June 27 and has been in a cast since that time. He will be in a cast this time for four weeks. Paul had polio five years ago. He is a pupil at Horace Mann School.

Accidents

Two cars were damaged in a collision south of Smithton, just off of Route W about 7 p. m. Monday and two children received minor hurt in the mishap.

Involved were a 1950 Mercury driven south by Mrs. Wilma Carver, wife of Waldo Lee Carver, accompanied by her two children and a 1949 Ford driven north by Elmer Baullmeier of Florence.

The accident occurred on a portion of the road which had been badly washed on each side, on an incline and on a curve. The left front parts of both cars were damaged.

It was necessary to tow the Mercury to Sedalia by the Chamberlain wrecker. The Ford was driven off hurts in the mishap.

The two children were thrown forward when the cars collided and struck the windshield, shattering it. Other than bruises on their heads they were unhurt.

Fires In The City

Burning grass on North Woodlawn Drive, which is outside the city limits, caused considerable excitement Monday afternoon. A call for the Sedalia Fire Department was made, but according to restrictions the company could not respond to the alarm.

The State Highway Patrol was notified and Trooper Pete Stohr went to the scene where he was met by Officers Clifford and Franklin of the police department who volunteered their help along with two employees of the Missouri Public Service Co. They put out the fire.

It appeared that children may have started the fire, which was not spreading too rapidly, but created considerable smoke, resulting in the residents of the area becoming worried. No damage resulted.

The column of air over a foot-square space at sea level weighs more than a ton.

Suffers Severe Laceration On Hand Monday

James W. Schubert, 57, 818 East Ninth, suffered a severe laceration of the right hand about 11:05 p.m. Monday. Schubert refused to tell how he suffered the injury when questioned by the police.

He was first noticed when he stumbled and fell twice while walking from Benton street across Missouri avenue from the west to the Brown Service Station on North Missouri. Upon reaching the service station he requested Henry Gordon, station attendant, who lives near Houstonia, to call a doctor or ambulance.

While Gordon was calling an ambulance J. V. Pilkenton, 1303 East 10th, State Highway Dept. employee applied a tourniquet on the right arm above the elbow to stop the flow of blood. Pilkenton kept the tourniquet tight until the Ewing ambulance arrived. Clyde Morney, 711 West Jefferson was at the station when the man arrived and gave assistance.

He was taken to the Bothwell Hospital where emergency treatment was given by Dr. Carl Siegel.

RA-GA Camp Workers Picnic At Stony Point

The 1955 RA-GA Camp Workers of the Harmony Baptist Association held a meeting at Stony Point Lodge on the lake as guests of Mr. and Mrs. Chas. Hofheins, on Saturday, July 23.

All workers and their families were invited for the day to fish, swim, visit or just rest, with a picnic supper at 7:00 and special meeting at 8:00.

The purpose of the meeting was to discuss specific points regarding the RA-GA Camp to be held at the Assembly of God Camp near Rocky Mount, Missouri, during the week of August 1 through 5. Mrs. Hofheins is the Association Young Peoples Director, and in charge of the camp activities.

Approximately fifty people attended the meeting.

State PTA Congress Meets This Thursday

The Missouri Congress of Parent and Teachers will have a workshop on "Legislation" Thursday, July 28, at Little-Cotton High School in the Little Theatre from 1:30 to 3:30 p.m. Registration starts at 1 p.m.

Mrs. R. J. Powell of Clinton will be the speaker for the workshop.

Final Action Expected On Reserve Bill Today

WASHINGTON (AP)—Final action from Congress on a new military reserve program probably will come today.

It isn't exactly what President Eisenhower requested. However, there's been no indication he will veto it.

The Senate has it on the calendar to be considered after an appropriation bill. Quick approval is expected. The House passed it yesterday 317-78.

"Sometime We'll Understand,"

Palbearers will be nephews. The body will remain at the Parker Funeral Home until after services. Burial will be in Fairview Cemetery.

Mrs. Elizabeth Cox
Mrs. Elizabeth Alma Cox, 91, widow of Berry Cox, died unexpectedly at 7 a.m. Sunday at her home in Elmwood.

Mrs. Cox was born in Marion, O., on Nov. 14, 1864, and came to Missouri with her parents, David and Martha Kinikin, when she was a small child. She was married May 9, 1881, to Berry Cox, who preceded her in death just one month ago. They celebrated their 74th wedding anniversary in May this year. Mrs. Cox was a member of Elmwood Methodist Church.

Surviving are: two daughters, Mrs. Marvin Lee Davis, Kansas City, and Mrs. John Goodwin, Regina, Canada; a son, Charles Cox, Blackburn, Mo., and several grandchildren and great-grandchildren. Funeral services were held at 2 o'clock Tuesday afternoon at the Elmwood Methodist Church, with the Rev. M. H. Lafollette to officiate.

Palbearers were Elmer Lear, Fred Sibert, Joe Mackler, Ira Buie, William Blackford and William Wisenburgh.

Mrs. Florence Donnell and Le-druie Buie sang "How Firm a Foundation" and "Sweet By and By." Mrs. Ledruie Buie was accompanist.

Funeral services were under the direction of the Carter and Mosley Funeral Home, Sweet Springs.

Pulitzer Estate Is Valued at \$1,208,838

ST. LOUIS, (AP)—The estate of the late Joseph Pulitzer, editor and publisher of the St. Louis Post-Dispatch until his death last March, was valued at \$1,208,838 in an inventory filed in Probate Court in suburban Clayton today.

The inventory listed 632 shares of stock in the Pulitzer Publishing Co., publishers of the Post-Dispatch, the value of which was undetermined.

Hot Weather Forecast

KANSAS CITY (AP)—Generally fair and hot with temperatures up to near the 100 degree mark is the weather fare for Missouri today and tomorrow.

And the weatherman says there is nothing in the offing to bring about any change. The long range forecast indicates temperatures from 3 to 5 degrees above normal for the state through Sunday.

The forecast calls for a few isolated thunderstorms in the south-west this afternoon. Thunderstorms in the past 24 hours left 91 of an inch at Springfield and 63 at Salem.

Highest reading in the state yesterday was 98 at both Kansas City and St. Joseph. Kansas City also had the highest minimum, an 81, this morning.

Civil Service Jobs

The Civil Service Commission announces positions open in the Bureau of Motor Carriers, ICC, in various cities. For further information contact W. E. Botts at the Sedalia Post Office.

RESOLUTION No. 221

A RESOLUTION declaring it necessary to bring to the established grade and paving with a rock base not less than 4" after compaction and primed and seal coated from curb to curb all that part of the roadway of Beacon Avenue from the south line of Seventh Street to the south line of the north line of Broadway Avenue, all public streets within the City of Sedalia, Missouri, at a cost not to exceed \$125 per front foot, and the balance, if any, shall be charged to the City of Sedalia, Missouri.

BE IT RESOLVED by the Council of the City of Sedalia, Missouri, as follows:

SECTION 1. The Council of the City of Sedalia, Missouri, finds, deems and hereby declares it to be necessary to bring to the established grade and pave with a rock base not less than 4" after compaction, and primed and seal coated from curb to curb, all that part of the roadway of Beacon Avenue, a public street within the City of Sedalia, Missouri.

Schedule an Inquest Into Farmer's Death

MONTICELLO, Mo., (AP)—An inquest was scheduled today to determine the cause of death of Ralph Goehle of Quincy, Ill., who disappeared from his brother's farm Sunday and was found dead in a nearby farm pond yesterday.

The 32-year-old Goehle left his brother's farm near here on a tractor to pick berries. A search was organized when he failed to return and the body was found in six feet of water in the pond on a neighboring farm, half a mile from the abandoned tractor.

Find Baby In Ashpit

ST. LOUIS, (AP)—A wailing newborn boy was found in a south St. Louis ash pit yesterday by a junk man looking for salvage refuse.

The six-pound, six-ounce baby, pronounced in good shape after being taken to City Hospital, apparently had been placed on the ash pit only minutes before its cries were heard by Gregorio Guysman, a junk collector.

The infant had been wrapped in rags and stuffed into a paper sack.

NOTICE TO CONTRACTORS

July Birthdays Are Honored With Dinner At Von Holten Home

A basket dinner was held July 17 at the home of Mr. and Mrs. James Von Holten, LaMonte, in honor of the following who had birthdays in July: Gerald Von Holten, Mrs. Elroy Deppeler, Mrs. John Deppeler, Michael Deppeler and Nancy Lee Von Holten, Kansas City, Kan.; Ruby Vajen, Sedalia; and James Von Holten, LaMonte.

Those present were as follows: Mr. and Mrs. John Deppeler and Esther, Mr. and Mrs. Norvin Deppeler, Mr. and Mrs. Elroy Deppeler, Elroy Jr.; Michael and Kathy, Mrs. Jo Duffy, Ronald and Karen, Mr. and Mrs. George Von Holten, Betty Jean, Gerald, Nancy Lee and Carolyn, Kansas City; Mr. and Mrs. Ervin Reusch and Valerie Ann, Mr. and Mrs. Otto Vajen and Ruby, Mr. and Mrs. Clarence Schlesselman and Vern Deen and Arlene, Oscar Von Holten, Mora; Mr. and Mrs. James Von Holten and Charles of the home.

Liberty Park Scene Of Bremer Reunion

The annual Bremer reunion was held at Liberty Park with a contributive dinner. That afternoon a business meeting was held and the following officers were elected: president, Edwood Olsen; vice-president, Kathryn Olsen; secretary, Norma Botcher; treasurer, Kathryn Olsen. It was decided to have another reunion the second Sunday in June next year. The hostess committee will be: Ruth Bremer, chairman, Nadine Hopkins, Ruby Dickey, Helen Homan and Norman Botcher.

Those attending were: Mr. and Mrs. Cecil Oehrke, Kansas City; Mr. and Mrs. Lolen Bremer, Debb and Bobby, Otterville, Mr. and Mrs. Clarence Bremer, Florence; Mr. and Mrs. Oscar Oehrke and Bobby, Mr. and Mrs. Bud Hopkins, Patty, LaDonna and David, Mr. and Mrs. Earl Homan, Bonnie and Betty, Mr. and Mrs. Leo Botcher, Joyce and Karen, Mr. and Mrs. George Semkin, Mr. and Mrs. Eugene Semkin, Jackie, Linda and Chris, Mrs. Ruby Dickey, Ray and Jo, Mr. and Mrs. Edwood Olsen, Mr. and Mrs. Raymond Morarity, Barbara and Jeanie, Mr. and Mrs. Hershel Bremer and Dickey, Mr. and Mrs. L. J. Dietzel, Sedalia.

Mrs. E. Cox Elected Homemaker President

The Knob Noster Flordoni Homemakers Club met with Mrs. Frank Judd Thursday afternoon with 8 members and the following guests present: Mrs. Adams Judd, Miss Louanna Judd and Ginger Cooper.

Mrs. Ernest Bagby conducted the business meeting and the devotions were by Mrs. Judd. The following officers were elected: Mrs. Ernest Cox, president; Mrs. Nathan Shaw, vice-president; Mrs. Roscoe Wallace, secretary-treasurer; Mrs. Roy Hume, parliamentarian and Mrs. George Pfeffer, reporter.

The members plan to have a picnic July 31 at Windsor Park for their families.

Refreshments were served. The next meeting will be held Aug. 18 at the home of Mrs. Neal Cooper.

Large Attendance At Bennett Club Meet

Mrs. Harold Hutton was hostess to the Bennett Extension Club at her home July 21. A contributive dinner was served at noon. Mrs. Emory Gunn presided over the meeting and Mrs. Raymond LaRue and Mrs. Clyde Hunt sang a duet "My Yoke is Easy". Sixteen members answered roll with "Our Favorite Picnic Dish". Mrs. Gunn read Mrs. Ozella Gregory's diary of her recent trip to California and also showed some pictures. It was decided to have a watermelon feast July 27 in place of the annual ice cream supper. The annual picnic dinner will be held Aug. 14 at Windsor Park.

Mrs. LaRue and Mrs. Jessie Wear gave a demonstration on sewing machine attachments.

Japan produced a record 931,910,000 pounds of cotton yarn in 1954.

Guests were: Mr. and Mrs. Harry Eichholz and Bobby, Mr. and Mrs. Elwood Fisher and sons, Mr. and Mrs. Eldon Eichholz, LaMonte, Mr. and Mrs. Glen Miller, Merle Hackett, Sedalia, Mr. and Mrs. Ben Mowery and Victor, North Little Rock, Ark., Misses Genevieve and Betty Jean Billings and Everett Billings of the home.

The surface of Lakes Huron and Michigan is 21 to 25 feet lower than that of Lake Superior.

a Summer Delight
DAY
NIGHT
Cruise on the Admiral when you visit St. Louis

A summer visit to St. Louis would not be complete without a moonlight cruise aboard the million-dollar Steamer Admiral.

You'll love dancing to the music of a top-flight band in the Admiral's mammoth ballroom... or just relaxing in cool comfort as you glide down scenic "ol' Man River."

There are daylight scenic trips, too—with games, rides and a gay circus atmosphere that will delight the children. Evening cruises (except Monday and Tuesday) are from 9 to 12. Daylight trips Wednesday, Thursday, Friday and Sunday are from 10 to 4; Saturday 2:30 to 7. (All Daylight Saving Time).

Major league baseball, the Municipal Opera, Zoo, Jewel Box and Art Museum are among the many other attractions awaiting you in this "City of a Thousand Sights." So come soon and bring the family.

Break Up Religious Revival With Snake

FLORENCE, Ala., (AP)—Charges that they broke up a religious service by bringing a rattlesnake to a church resulted in \$20 fines for three snake-handling brothers. The trial of Allen Covington, 37, and Mansel and George Covington, both 39, was watched by about 150 spectators. They interrupted testimony yesterday with exclamations of "Amen" and "Praise the Lord."

Charged with disturbing the peace, the three brothers had been held in the Lauderdale County Jail since July 14, shortly after services at the rural Bumpas Creek Church were disrupted.

George Covington testified that the brothers expected to be jailed, "but we felt that we were obeying the spirit of the Lord."

Wandering Child Gets Into Double Trouble

NEW YORK, (AP)—Eight-year-old Bernard Duff went mountain climbing in Central Park yesterday but found the going rough—both up and down.

A 50-foot rock precipice looked a cinch to the adventurous lad. It was, for the first 40 feet.

But the last 10 feet was different. Looking up from a narrow ledge, the top of the crag seemed as high as Mt. Everest. Looking down, the situation appeared even worse.

Bernard let out a yowl. Passers-by called the cops.

A police emergency squad lowered a patrolman on a rope to the ledge where Bernard sat. The cop attached another rope to Bernard, and he was lowered to where he should have stayed in the first place.

Charged With Murder Of Kansas City Woman

HUNTSVILLE, Mo., (AP)—A 49-year-old painter has been charged with slaying 69-year-old Mrs. Muriel H. Brown whose beaten body was found in the basement of her home near Kansas City, Kas.

James Richardson, who recently accompanied Mrs. Brown on a trip to Montana to visit relatives, was arrested here yesterday. He agreed to sign a waiver for extradition to Kansas.

Under Call of Duty

LONG BEACH, N.Y., (AP)—The car was parked in a no-parking zone and Patrolman William Miller clearly saw his duty. He wrote out a \$2 ticket.

It wasn't quite so clear who would pay the fine. The car happened to be the Miller family car left there by the patrolman's wife yesterday while she and the children went to the beach.

"She's going to pay the fine herself," Miller commented. "I'll pay it all right," his wife said later, "but I'll use his money."

Charged With Larceny

DAYTON, Ohio, (AP)—Frederick Carl Frowein, 16, has been charged with grand larceny along with four other youths in the theft of \$82,000 from the home of his father.

Fred Frowein, 45-year-old Dayton baker, saved the money for 17 years and hid it in three buckets in his basement. Last Friday, he discovered it was gone. Police said his oldest son admitted taking \$1,050, and four other boys shared the rest.

The circumference of the planet Jupiter is 88,700 miles.

Ike's Geneva Dolls Cause National Stir

NEW YORK, (AP)—Those dolls that President Eisenhower bought in Geneva for his grandchildren have brought an "official protest" from the National Assn. of Doll Manufacturers.

The entire American doll industry is "shocked" by such "spotlighting of foreign dolls," said Association President David Rosenstein in a wire to the White House yesterday.

Rosenstein said he is sending the President some 100 per cent American dolls "as gifts and constant reminders."

Among the American dolls is one that drinks, wets, cries and blows her nose. Others are a walking doll with "mink coat rooted hair impossible to pull off the head," a talking doll that recites "now I Lay Me Down to Sleep," and a remote-controlled boy doll that walks, talks and has eyes that light up.

Arrest Informing Man Who Quizzed General

SEOUL, (AP)—South Korean counterintelligence agents today announced arrest of an alleged Communist agent who is supposed to have questioned Maj. Gen. William F. Dean in a Red prison camp in South Korea shortly after Dean's capture in August 1950.

ROK officials accused Lee Chang Kwang, 25, of entering the prison at Chonju, questioning Dean, and then passing Dean's answers to the Communists.

They emphasized that Dean gave no military information in his answers but said that in itself did not minimize Lee's "crime of spying and informing."

The spokesman said Lee had been captured "just before he was scheduled to go to the United States, under an assumed name, for the purpose of spying against the United States."

Just Wanted Picture

ST. PETERSBURG, Fla., (AP)—Lt. Paul Smith, pilot of a Coast Guard helicopter, saw a man waving frantically from the beach.

Trained in rescue missions, Smith descended until he was hovering a few feet from the sand. The man and his friends focused cameras, took several pictures and waved Smith on his way.

How to keep cool on hot, sticky days

You can keep yourself and your home comfortably cool on the hottest days and nights with the many suggestions in August *Better Homes & Gardens*. "Keep cool! Here's how" tips you off on ventilating and air conditioning ideas to cool practically any room in your house. So don't suffer through

Tactful Attention Invited . . .

The Urban Area plan should be up-kept in the minds of Sedalians who are charged with the responsibility of going to the polls next Tuesday and voting for or against a bond issue of \$250,000 to implement the proposed \$2,500,000 highway construction program within our city limits.

At 7:30 Thursday evening a public meeting at Liberty Park has been arranged for a thorough discussion of the Urban plan. This should be conducted in a dignified manner without resort to heckling or letting tempers rise to encourage foolish argument when calm consideration is invited by the very purpose of the meeting. Opponents and proponents have a right to be heard and have a right to polite attention. Any other approach should be discouraged by the level-headed citizens who come to the meeting for concise information about the Urban Area plan.

Parentetically it might be well to review at this time the improvement planned for North Ohio avenue because Broadway and Main street have been given more conversational attention.

Now Highway 65 from the north connects with Osage Avenue and runs straight into a dead-end at the Missouri Pacific station. There is a T-outlet east and west on to Pacific street.

Under the Area plan traffic from Highway 65 north would consist of 44 feet of pavement beginning just north of the present Osage avenue intersection with 65. Instead of going the Osage route the improvement would angle to the southeast to intersect Ohio avenue near the alley between Clay and Henry streets, thence along Ohio avenue to Pacific street. From Pacific street south to Broadway the present 40-foot pavement would be utilized as it is in good condition. This is Sedalia's shopping district.

The 44-foot pavement on North Ohio will provide two 12-foot driving lanes and two 10-foot parking lanes. Sidewalks will be provided where necessary and a storm sewer system is included in the estimate.

A minimum of 70 feet of right-of-way is recommended from the beginning to

Jefferson street, with additional width to be obtained at drainage structures. From Jefferson street to Pacific street 35 feet of right-of-way is to be taken off the east side of the center line and the present 30 feet utilized on the west side. This will necessitate placing the walk against the curb through this block on the west side but it decreases property damage considerably.

The present grade crossing of the Missouri Pacific railroad will be used. Improvement of North Ohio avenue will permit direct access to the business district for all traffic to and from the north on Route 65.

The possibilities of this Urban Area plan of which Sedalia's share is only \$250,000 without an increase in the tax levy, is of vital importance to the growth and development of our community. The entire program has been carefully studied for several years by the State Highway department and city officials. Modifications may present themselves wherever and whenever flexibility allows for changes in the overall design, but these changes must conform to the federal and state requirements.

Remember that engineers from the Highway department familiar with the Urban Area program are Sedalia's invited guests Thursday evening to discuss the plan in detail. They should have respectful attention while explaining a program that is designed for Sedalia's benefit, not the Highway department's.

The State Highway department isn't trying to "sell" this improvement program to Sedalia. The engineers could probably "sell" this \$2,500,000 package deal to a half a dozen Missouri communities without an argument if they were in the "selling" game. The department's representatives will be here to explain. They should be extended the courtesy of polite and undivided attention.

Sedalians have got to sell themselves on the merits of the Urban plan — and that means understanding what is intended by reading about it and hearing about it the balance of this week and going to the polls and voting Aug. 2 — that's next Tuesday.

Drew Pearson Says—

Eden Loses As Balance-of-Power Broker

GENEVA — In any summary of results of the Big Four conference, two important things stand out:

1. Prime Minister Anthony Eden, who was responsible for calling the conference, failed to be its dominant leader. He lost out completely to the charm and the spontaneous, sometimes impetuous, diplomacy of President Eisenhower. More important he lost the balance-of-power position of an honest broker between the USA and the USSR which Winston Churchill so long occupied.

2. Eisenhower, with his dramatic air-reconnaissance inspection plan, reverted in principle to the Russian-American alliance which Marshal Stalin proposed toward the end of World War II and which Roosevelt rejected.

Though they didn't say so publicly, Ike's proposal scared the British half out of their wits. It also so horrified the German observers here that they contacted Chancellor Konrad Adenauer the night after Ike's air-inspection speech to warn against Germany's being left out in the cold by Russian-American friendship and that Adenauer himself had better do some dealing on the side with Russia.

For President Eisenhower, in launching his dramatic air-inspection plan, had deliberately ignored the French and British and proposed that Russia and the United States, in effect, guarantee the peace of the world.

Blunt Reasoning

Toward the end of World War II Stalin proposed to Roosevelt that their two countries form an alliance and literally divide up the world between them. Stalin's blunt reasoning was that there were only two strong powers left in the world — Russia and the United States. Therefore, if they agreed to dominate the world, they could run it their own way and keep the peace.

Around Roosevelt were advisers who leaned toward accepting Stalin's idea, among them Harry Hopkins and Ambassador Joseph Davies. They believed the United States should be realistic, that the might of the British Empire was waning, and if the United States worked out an alliance with Russia the peace of the world would be guaranteed for many years.

Averell Harriman and Jimmy Forrestal were opposed to Stalin's plan, but its most vigorous opponent was Winston Churchill who, all during the war, had needed Roosevelt against Russia. Roosevelt, in the end, vetoed the Stalin plan and adopted the collective security of the United Nations which included all the allies plus the smaller nations.

However, Roosevelt suggested that Stalin and Churchill might agree on certain areas and a division of the Balkans was actually worked out at Teheran between Stalin and Churchill whereby Russia took into its sphere of influence Rumania and Bulgaria, with Britain taking over Greece and Yugoslavia. Stalin even advised Churchill that the man who really controlled Yugoslavia was Tito and it was this deal at Teheran that caused the United States and Britain to confound the world by deserting Draja Mikailovitch for Tito.

Growing irritations toward the end of the war finally disrupted this agreement and many dip-

lomatic observers believe it was Stalin's suspicion of Roosevelt's refusal to form an alliance that contributed heavily to the bitterness that erupted around V-E day. Stalin's suspicious Asiatic reasoning led him to the conclusion that, if the United States wouldn't form an alliance for world spheres of influence, then it must automatically seek to disrupt Russian spheres.

President Eisenhower hadn't the slightest thought of forming any Russian alliance when he made his air-inspection proposal at Geneva. He believed the two most powerful nations which hold the world's peace in the palms of their hands should get together to keep the peace. Nevertheless, his proposal, plus the new personal friendships formed by Ike with the Russians, caused a lot of worry among the allied diplomats who believe in divide and rule.

Ike His Own Broker

It was Eden, worried over winning the British election and achieving his great ambition to be prime minister of England, who finally persuaded Dulles last April to consent to the Big Four meeting. But it was the same Eden who took a back seat completely during the conference he inspired.

It was shortly after Roosevelt's death that Churchill came to Fulton, Missouri, in 1946 and, on the same platform with President Truman, launched a bitter denunciation of Russia. That speech marked an important period in power politics. Before it, under Roosevelt, the United States held the balance of power and played Russia off against Britain. After that speech, Britain held the balance of power and has been playing the United States off against Russia.

And, having forgotten his own bitter attack on Russia at Fulton, Churchill for three years has been urging Eisenhower to attend a Big Four conference to patch up the west's friendship with Russia. Churchill, once the attacker and provocateur, had become peacemaker.

But when that long-awaited conference was held here, Anthony Eden lost out in his role of honest broker. Eisenhower stepped forward to do his own negotiating and to handle his own brokerage business for international peace. It looks like the United States will hold the balance of power from now on.

Si, He Is So Right!

At the peak of festivities at a lively cocktail party recently, with crowds jamming the bars, females laughing hysterically and no one feeling any pain, a Latin-American diplomat had the temerity to suggest that Washington parties were really pretty dull affairs.

"You Americans set a time limit from six to eight, you crowd a lot of people into one room and nobody introduces anyone to anyone else. You may be a little drunk when you leave, but your varicose veins will ache for a week from all the standing up," he complained.

"Now in Latin America we never set a time limit, our parties go until three or four in the morning, there is music and dancing, and if you want to, you can sit down once in a while."

Mountain Hopping

The World Today—

US Shows Readiness to Make Concessions

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON, (AP)—One of the lessons from the Geneva conference is that the United States, for the sake of peace, is willing to make concessions to the Communists provided they do the same.

Just how far the Eisenhower administration will go in this direction should be disclosed eventually. At the moment it probably doesn't know itself.

For years in the cold war this country followed a pretty rigid policy — almost a frozen policy. It seemed at times — of yielding nothing to the Communists. They were equally frozen.

Last week at Geneva President Eisenhower startled the world, including the United States and Russia, with his proposal that this country and the Soviets exchange complete blueprints on their military forces.

The Russians haven't accepted and probably won't. And in a show-down Eisenhower might not have been able to carry through on his offer since there might have been enough opposition in Congress to block his plan.

Nevertheless, the offer was made. It has been called many things by many people, ranging from bold and daring and imaginative to propaganda.

But it has not been called appeasement by anyone in Congress, yet. This in itself was almost startling. On the whole the reaction in this country was favorable.

This could be taken as an indication the very magnitude of the offer instantly conditioned Americans to the idea of concessions or that they were already willing to make them for the sake of peace if the Russians would reciprocate.

Perhaps the greatest thorn to Eisenhower in handling American foreign policy has been Sen. Knowland of California, Senate Republi-

can leader, who has been in conflict with the President in that field for years.

Knowland had a habit of issuing statements that were little comfort to the administration many times when Secretary of State Dulles was doing most of the talking in foreign policy matters.

But in recent months Eisenhower has taken a firmer and more personal hand in steering the foreign

policy wheel himself. The more Eisenhower asserted himself, the more Knowland seemed to become subdued.

Although Democratic leaders heartily applauded Eisenhower's offer to exchange military information with the Russians, Knowland refused comment and said he would have no statement until the Geneva conference ended.

He hasn't issued one yet.

Dr. Jordan Says—

The Cat-Scratch Disease Is Becoming More Prominent

By EDWIN P. JORDAN, M.D.

A curious disease which was first described some 25 years ago has, within the last five years, begun to receive the attention it deserves. This disease is known as cat-scratch disease.

Several hundred cases have been reported from Europe and America during the past few years, and the number of studies of this disorder reported in the medical journals seems to be constantly increasing.

One review of this disease, for example, dealt with 160 cases in 27 states and eight foreign countries. Twenty-seven of these had been studied by the authors of the report. In almost all of them there had been contact with cats. Most of the patients had been actually scratched by these animals.

Usually there is a period of about three to seven days between the time of the scratch, or original injury, and inflammation at the place where it occurred. This is followed by a further delay of about two weeks before the typical sign appears, namely, enlargement of the lymph glands near the area which was originally injured.

The glands in the armpit are most frequently involved. This is

not surprising since one would expect the hands or arms to be scratched more often than other parts of the body.

About two-thirds of the patients afflicted with cat-scratch disease have fever. Some of them have general symptoms such as headache, weakness, aching or chills, sensations, as well as the lymph gland enlargement.

Chances for recovery are good. The illness is normally short and mild, though the lymph glands may be enlarged and possibly contain pus for months.

At least one of the antibiotics seems to be helpful. The cause of this disease, however, has not been discovered, but does not seem to be a germ, parasite or fungus. Perhaps it is caused by a virus.

A skin test has been devised which is fairly accurate in making a diagnosis, and this is important since cat-scratch disease can be confused with many other conditions in which there is enlargement of the lymph glands.

The fact that this disease exists does not mean that people who own cats should give up their pets. However, since cat-scratch disease seems rather common and is frequently undiagnosed, more care in avoiding scratches by cats, particularly with children, is in order.

Wants Soviet Study Through the States

WASHINGTON, (AP)—Rep. Carnahan (D-Mo.) proposes that 300 visitors from Russia and satellite nations be allowed to study and travel in the United States for two months.

In exchange, 300 Americans would be allowed to travel in Communist countries.

Carnahan's bill would have the U. S. pay up to \$2,000 for transportation and maintenance of each visitor.

He said the program would "do much to dispel the erroneous concept which the Soviets and the satellite nations have of us."

Wife Divorces Writer

LOS ANGELES (AP)—Willis Goldbeck, screen director and writer, was divorced yesterday by television fashion expert Helen O'Hara who testified that he "either froze up like an icicle or was vitriolic and abusive."

Hal Boyle's Column—

Advises Women to Look Nice But Avoid Cold Perfection

By HAL BOYLE

NEW YORK (AP)—Curbstone reflections on women by a Pavement Plato:

The biggest mistake a woman can make is to try always to be utterly charming or perfectly beautiful. Men may claim they admire perfection, but if they do it is only in Heaven. On earth it frightens them.

A wise woman will follow the example of the old Chinese rug-makers who traditionally wove a slight imperfection into their colorful carpet patterns to show they realized perfection is for gods, not mankind. A woman who is always coldly and divinely beautiful pays a penalty. Men yield her the same esteem they do a classic statue, but they don't marry statues. They marry girls with freckles and warts.

Most men today really realize women are stronger than they are, yet in their hearts they pity women. They don't feel women actually get as much real fun out of living as they do. Motherhood isn't the worst ordeal of womanhood. To a man the thing he would hate most if he were a woman would be the necessity of having to look at his own face in the mirror so many times a day. How do women stand it?

Any man who won't admit he is secretly more attracted by a beautiful redhead than by a blonde or brunette is either a liar — or else married to a redhead. Any career woman who brags she never de-

pends on sex appeal to help her get ahead probably doesn't have enough to depend on anyway.

Women are least physically attractive when they are most dressed up. Office girls are most feminine when they come to work in a long tight skirt and a loose white blouse — as every boss knows. But a tousled touch helps romance. That's why more men propose marriage on picnics than in crowded ballrooms.

Proper facial expression is an aspect of beauty most women overlook. The chilly mask-like stare affected in public by so many otherwise smart-looking women has often been commented on by foreign visitors, and it is indeed an American tragedy. It reflects not poise, as these women fondly believe, but inward uncertainty. Few things really please a man more than seeing a woman every now and then break out with an honest belly laugh. He loves her on sight — but he won't love her very long if she laughs that way every other moment. It's her change of pace that gets him.

The woman who annoys men most is one who ever will do her fair share of pushing a revolving door. But the most frustrating thing to a man is to court a girl who isn't ticklish.

It isn't true that men are afraid to marry intelligent women — they merely dislike intelligent women who are unintelligent enough to say sarcastic things about a man's faults. Men secretly despise sarcasm in a woman more than they do untidiness in her.

No man is truly afraid of any woman unless she kills a trapped mouse in his presence. For some reason this so frightens him that, unless he has long been married to her, he will pack his bag and run away from home at once and never, never come back.

Democrat Pick-Ups

Odds and Ends
By News Staff

YEARS AGO WHEN the Baptist Young People's Union was first being organized in Baptist Churches there was an old man in one of the churches who never missed a thing — every time the church door opened he was there. He didn't exactly know what the new organization was but he heard there was going to be one and so when the young people had their meeting the old man showed up, and he continued to show up at all the meetings after that.

One night he was called on to pray and in his prayer he attempted to ask for blessings upon the group but the young people referred to their new organization as the BYPU and the old man couldn't think what the letters were. He tried and tried but the letters kept getting "wisted up" and finally he asked for blessings on the WPA, then in despair he ended up with, "Well, Lord, you know what I mean." —H. L.

RECENTLY AT THE DeMolay wiener roast a young boy put a wiener that had been roasted on his bun, gave it a liberal amount of mustard and started to take the first bite. That was a queer wiener, he couldn't even bite into it. After a couple of trials someone suggested he open the bun and look at it. He did — and it looked just like any other wiener on a wiener roast — the same color, the same shape and partly burned. But there was something definitely wrong with that wiener. Then he found it just wasn't a wiener at all—it was the handle off of one of the roasting forks that had somehow come off and got mixed up with the roasted wieners.—H. L.

GOING TO A RESORT a woman was surprised and no end pleased when a parakeet belonging to the resort owner looked her over and said: "Pretty lady." She is a pretty lady and dresses well but she never thought a parakeet would notice a thing like that.

A few minutes later, however, the parakeet took all the conceit out of her. He looked at her again and commented: "You silly old buzzard." —H. L.

Prosperity May Induce New Inflation

By SAM DAWSON
NEW YORK, (AP)—Prosperity that pleasant companion—is being cited today as the villain that is inducing a new brush with inflation in England and could just possibly be pushing the United States into a return bout.

Good times are favoring both nations. Employment is high wages rising smartly, incomes up and stores full of tempting items. So people put out cash freely for gadgets, homes or services, and increasingly buy more on time.

In the United States, so far, inflation is just something that the cautious fear might recur if prosperity induces speculative excess. In England it's already back, in spite of government efforts to forestall it.

The cost of living has just taken a jump there. Retail prices are at a record high. And the price of coal — a prime budget item for most British householders — has just been hiked 18 per cent. This week steel goes up an average of 5 per cent, and most other metal prices have been climbing fast.

There is fear higher prices will soon spread to coke and the many products made of steel, and rates for electricity, gas and freight will climb higher.

With the British worker prosperous, amounts spent on consumer goods and services have been growing steadily.

Rising labor costs in Britain tend to make British exports less competitive in world markets. At the same time increasing home demand for consumer goods tends to attract into the domestic market goods Britain makes for export.

To combat this new inflationary pressure, the British government is trying to check spending by hiking interest rates, squeezing credit and imposing stiffer curbs on installment buying.

In the United States price hikes have so far been confined mostly to the primary industrial materials. Steel, copper, lead, zinc, aluminum and silver have gone up. Further price hikes are expected by some.

Wages have climbed this year much faster and further than last. Some factory list prices on consumer goods are already rising. Whether the retailer can pass all this along to price-conscious and bargain-happy consumers is a question.

The cost of eating is pretty stable, and may be even lower in the future, however. Clothing prices also have leveled off. Rents are fairly stable.

The real threat of future inflation here, therefore, seems to lie in the chance that so much prosperity may foster speculation — may induce consumers to ignore rising prices and stock up on goods bought on time — may cause businessmen to build up excess inventories, to expand their plants too optimistically — may lead to excess use of credit.

Barring a spree of overbuying and overborrowing, however, prosperity could be our pleasant companion for quite a spell yet.

Money In Good Shape

COLLINSVILLE, Ill., (AP)—Reinhardt Weseman, operator of a drive-in theater, bought some groceries at a supermarket yesterday. While there he got \$255 in change for use at his theater.

He locked the groceries in the trunk of his car and drove off, forgetting about the canvas bag of change he had put on the rear bumper.

Soon afterward he drove up to the police station here to report the loss of the money. He couldn't have gone to a better place.

The sack of money had dropped off the bumper right in front of the police station.

BEATING THE HEAT—It may give him a tummyache, but 7-month-old Joey Jordan will at least be cool for a while. The little citizen of Greenville, S.C., is about to dig into a huge slice of iced watermelon, a method of beating the heat that's much older than Joey.

DAILY RECORD

Police Reports

A black shepherd dog identified as the animal which bit Kennard Askey, 13-year-old son of Mr. and Mrs. J. W. Askey, Jr., 1808 South Missouri, Thursday morning, has been picked up. The dog was found by Poundmaster C. D. Weathers who has it confined to the dog pound.

The dog was picked up Thursday night and has been confined since that time. If not called for within the next four days the dog will be destroyed.

According to Poundmaster Weathers, the dog was in a fight with a pet dog of the Askey boy and when he tried to separate them, the dog bit the child accidentally.

The owner can reclaim his dog, which has all appearances of being someone's pet, by calling the police station and contacting the poundmaster.

Mitchell Werner, Ely's Trailer Park, Homewood, Ill., who is visiting with the Julius Klein family at Florence, reported to the police Monday afternoon he fell into a water meter hole in the 300 block on East Third.

A water main at Second and Stewart broke sometime Monday night and was found at 4:55 a.m. by the police. The Sedalia Water Co. was notified.

William H. De Jarnette, 73, five feet 11 inches tall and weighing about 135 pounds, has been reported to the police as missing from his room at the Terry Hotel since noon Sunday. A check with relatives has revealed he has not contacted them here in Sedalia.

De Jarnette has been in poor health for several years and because of his condition relatives and friends have become alarmed over his whereabouts.

The report of his missing was given the police by a brother, J. A. De Jarnette, Route 4, Sedalia, who was notified by friends at the hotel.

Police Court

Vaughn White, Green Ridge, charged with parking contrary to a legal sign, forfeited a \$2 cash bond.

Robert J. Wagner, 511 West Second, charged with parking in a safety zone and improper parking, forfeited his two cash bonds of \$2 each.

L. C. Hulston, Springfield, charged with parking contrary to a legal sign, forfeited a \$2 cash bond.

Joe Slater, Route 5, Sedalia, charged with parking in a loading zone, forfeited a \$2 cash bond.

Robert Eugene McCarty, Route 5, Sedalia, charged with running a stop sign at Main and Missouri, forfeited a \$5 cash bond.

Steve Whitley, 49, Kansas City, Kan., arrested by the police at Seventh and Lafayette, was fined \$75 by Judge R. L. Weinrich on a charge of driving a car while intoxicated. Whitley pleaded innocent to the charge and a hearing was held.

Fredell Andrews, 48, Kansas City who was arrested with Whitley on an intoxication charge, was fined \$10 by Judge Weinrich. He pleaded innocent to the charge.

A/2c James Leroy Bowser, 20, Sedalia Air Force Base, arrested by the police for speeding 60 miles per hour on Grand from 12th to Ninth, was fined \$25 by Judge Weinrich. Bowser pleaded innocent to the charge.

Eight overtime parkers who failed to appear in police court Tuesday

Bawdy Houses Padlock Doors In Galveston

GALVESTON, Tex., (AP)—Bawdy houses padlocked their doors last night in this island resort city which traditionally gives the visitor what he wants in the way of gambling, liquor and women.

Protests by the Galveston Ministerial Assn. and the American Social Hygiene Assn. brought the latest crackdown. Police Chief W. J. Burns announced yesterday any house which didn't lock its own doors would be raided. At 10:30 p.m. last night, said Burns, all had padlocked their doors.

Burns said they will "stay closed."

The houses have been "closed" before only to resume operating via back doors and eventually opening again.

Mayor George Roy Clough, who advocates an "open but clean" city, applauded the latest crackdown but said:

"I will say this. It's going to be a hell of a job keeping them closed."

The mayor believes a seaport town, and especially an island city of some 75,000 people such as this one along the Texas Gulf Coast, can't get rid of its prostitutes for good.

"I think Galveston should have its prostitutes in a red light district where they are known for what they are and we can exercise some degree of regulation over them."

The order for the current crackdown came from Dist. Atty. Marlene Johnson Jr. and Police and Fire Commissioner Walter L. Johnston.

Although many people regard spiders as insects, scientists put them in a different category.

morning forfeited their cash bonds of \$1 each while 23 overtime parkers paid the 25-cent fee.

County Court

A 3.2 beer license was granted to Leslie Webb of Leslie's Tavern, 111 South Ohio. It expires July 24, 1956.

A wholesale liquor license was granted to Whitaker and Co., 301 East Main. It expires June 30, 1956.

A package liquor license was granted to Ethel M. Bowers, for Bowers Tobacco Store, 2507 West Broadway. It expires Nov. 3, 1955.

Circuit Court

A \$15,000 damage suit has been filed by Fred A. Horboychuk and his next friend, Henry A. Grow, against Gilbert C. Bishop, over an automobile accident. Sullivan, Staab and Joyce, and John Gillespie, all of St. Louis, represent the plaintiff.

Mid-US, South Experience Hot, Humid Weather

By THE ASSOCIATED PRESS
It was hot and humid in most of the mid-continent and southern areas today, with temperatures headed into the 90s.

Southerly winds, fanning warm, moist air increased the humidity over the Midwest, but there was some hope of a little relief by tomorrow. Cooler air which moved into northern Minnesota and northern North Dakota from central Canada may spread over other northern Midwest areas.

Temperatures were in the upper 90s and above 100 yesterday in South Dakota and Kansas, as well as in the Southwest desert region and southwest Texas.

There were thunderstorms and showers over wide sections of the country. One wet belt extended from the Northern Plains region southwestward through the central Rockies and over Arizona and New Mexico. Showers also were reported in the extreme southeast area while rain continued in the Pacific Northwest.

Temperatures were in the 80s this morning in the Central Plains, 10 degrees higher than yesterday morning. They were in the 70s and 80s in most of the eastern two-thirds of the country except in New England, where it was comparatively cool with readings in the 60s.

Band Closes and Its Cashier Under Arrest

TWENTYNINE PALMS, Calif., (AP)—A \$678,000 shortage has shut down this Mojave Desert town's only bank and its vice president-cashier, who also is a race horse owner, is under arrest on an embezzlement charge.

Asst. U.S. Atty. Ray H. Kinnison said an audit disclosed the shortage at the Joshua National Bank, a seven-year-old institution serving 3,200 residents of this community and a nearby Marine Corps training camp.

The bank official, Roscoe D. Coon, 46, was arrested yesterday by FBI agents at his Del Mar race track stable in San Diego County. He was specifically charged with embezzling \$10,000 of the missing \$678,000.

Coon was remanded to the San Diego County Jail in lieu of \$50,000 bail pending arraignment.

Wentworth Youth Still In As— Local Man Ties Third In Horseshoe Tourney

World Event Now Nears Completion At Murray, Utah

David Baker, 15 year old, Wentworth, Mo., youth who is attending the World Horseshoe Pitching Tournament at Murray, Utah, was still fighting for a place on the winner list of the playoffs Tuesday.

Baker won third place at a local contest held July 17 and then accompanied the first and second place winners, Earl and Wayne Winston, LaMonte, to the Utah tournament.

Baker pitched two wins against five losses Monday to bring his total to 9-19. The play will end with the championship rounds Wednesday.

Earl Winston had already completed his play and had copped a third place tie in the Class "B" championships. No report was available on the results of his father, Wayne Winston, who had taken second place to his son in the local tournament.

Another man was gunning for the championship he held many years. Ted Allen, Boulder, Colo., pitched another seven victories last night to maintain his lead in the World Horseshoe tournament.

Allen still is undefeated in the round-robin competition which will narrow the field of 36 down to four who will fight it out for the championship Wednesday night. Allen first won the championship in 1933 and held it until 1941, when he lost to Fernando Isais of Los Angeles.

Right behind Allen is a newcomer to the national horseshoe picture, Don Titcomb of Sunnyvale, Calif. He also compiled seven victories without defeat last night for a 27-1 overall record.

The other scores include: Roland Kraft, Lecompton, Kas., 19-9; Marjorie Tamboer, Wichita 17-11; Alvin Gandy, Topeka, 14-14; and David Baker, Wentworth, Mo., 9-19.

Cleveland at Boston—Score (9-3) vs Sullivan (12-8).

Poirier Jumped Back In Perez Bout Monday

NEW YORK (AP)—Gene Poirier came back the hard way last night, five weeks after a knockout defeat, to win a blazing battle from Danny G. Perez.

The scrawny welter from Niagara Falls, N. Y., raked Perez with his left hooks and shook him with his right but never could bring him down in their 10-round scrap at St. Nicholas Arena. All three officials, Referee Barney Felix and Judges Bert Grant and Bell Recht, scored it 6-4. The AP had it 7-3 for Poirier, who was penalized the sixth round for a low blow.

Each boxer weighed 147. Poirier was knocked out by Oscar Pita of Argentina June 30.

Chiefs Will Play Grandview Pilots At Liberty Tonite

The Chiefs will play a non-league game at Liberty Park tonight at 8 p.m. with the Grandview Air Force Base nine, who have played several teams in this area recently including the Sedalia Air Force Base.

The Grandview team has several former minor league players on its roster and the game promises to be a thriller.

Bill Arnold will start on the mound for Sedalia according to Russ Gilmore, Chief mentor.

The game is the first one before the crucial playoff with Brookfield in the Ban Johnson League here Thursday.

Link Rivals Tee Off Today In PGA Finals

DETROIT (AP)—Doug Ford and Cary Middlecoff, who square off today for the 37th PGA championship, simply don't like each other's style of play.

Even as they walked triumphantly from the 33rd green of their semifinals victories—hours apart—they were hurling needling jibes at each other's game.

"That guy plays so slow that maybe I'd better bring my trailer along and sleep between shots," said Ford. "I might even lap him."

Middlecoff had an entirely different slant on Ford's "shoot-and-run" style.

"I'll take as long as I want—and he'll have to just like it," Middlecoff said. "I'll play my little old white ball, and let him play his."

There is no doubt that these players differ as much as bogey and birdie, except for the fact that both register out of Kiamasha Lake, N. Y.

It took Ford 5 hours and 10 minutes to dispose of Shelley Mayfield of Westbury, N. Y., 4 and 3, at the Meadowbrook Country Club. Middlecoff, playing the same distance, took 6 hours and 55 minutes before he finished off Tommy Bolt of Chattanooga, Tenn., by a similar 4 and 3 margin.

Little LEAGUERS

The Jaycees defeated Rotary in Little League play of the National League 6-4 while the Kiwanis defeated the Elks, also in the Nationals, 13 to 4.

In the first game D. Horner was the winning pitcher and Morgan, the losing hurler. The winner of the second game on the mound was Cole, while Shelby was on the losing end.

Dodgers Leading, Cards Runner-up In Stolen Bases

NEW YORK (AP)—The Brooklyn Dodgers may be beset by injuries, but they're still the best base stealing club in the major leagues.

Associated Press statistics showed today that the Dodgers, who lead the majors in homers with 134, also pace both circuits in stolen bases with 49, three more than they compiled all last season.

The Chicago White Sox are leading the American League with 42 thefts, but the "go-go" boys had 61 in as many games a year ago. The New York Yankees, in second place with 35, show a gain of 14 over 1954.

The St. Louis Cardinals, who led the National League last season with 63 steals, are the runnersup to Brooklyn with 45, two more than they had at this time in '54.

Pittsburgh has stolen only 13 bases, the lowest total in the National League, while Cleveland, in the American, only has had 14.

A statistical oddity shows only one more stolen base this year than last. The major league teams have an aggregate of 433 thefts compared with 432 in '54.

Kansas City is seventh in the AL with 17 thefts, six more than the

Minn. Teacher Leads Western Into Matches

CHICAGO (AP)—The form sheet was slightly tattered, but schoolteacher Beverly Gammon, of St. Paul, the 1954 runner-up, still loomed the gal to beat as the 55th Women's Western Amateur Golf Tourney entered its match-play phase today.

Yesterday's qualifying round, which whittled an original 114 player field to 32, knocked out two seasoned contenders and nearly disposed of the meet's only former champion, Marjorie Lindsay, of Decatur, Ill.

Jane Nelson, of Indianapolis, runner-up in the 1953 Western Amateur, flunked with an 87, a dozen strokes behind the medalists, 18-year-old Wiffi Smith, former Mexico Open champion, and seasoned Carol Diring, 29, of Tiffin, Ohio, who fired par-matching 75s.

Jean Hopkins, of Rocky River, Ohio, a Western semifinalist in 1946 and 1947, was eliminated in a five-gal playoff at 85 which Miss Lindsay, the 1951 champion, managed to survive.

Local Horsemen Win Awards At Warrensburg

Several horses owned and ridden by local horsemen and women took prizes at the Sixth Annual Warrensburg Saddle and Bridle Club show, held Friday and Saturday in Warrensburg.

First place in the Five gaited class was taken by King Lee, owned by E. F. Strickler and ridden by Marvin Mueller.

Fourth place in the Walking horse stake was taken by Strolling Red, owned and ridden by E. F. Strickler.

Fourth place in the children's Western class was taken by Dexter, owned and ridden by Sue Evans.

Fourth place in the Ladies five gaited class was taken by Fancy Captain, owned and ridden by Gold Ilgenfritz.

Fourth place in the Three gaited class was taken by Breath of Heaven, owned by Gold Ilgenfritz and ridden by Delton Armstrong, Nevada.

Fifth place in the walking horse class was taken by Strolling Red, owned and ridden by E. F. Strickler.

First place in the Five-gaited stake was taken by King Lee, owned by E. F. Strickler and ridden by Marvin Mueller.

Fifth place in the Five gaited stake was taken by Fancy Captain, owned by Gold Ilgenfritz and ridden by Delton Armstrong.

A's had in Philadelphia at this time last year.

Hamms' Beer Club Takes First Place In National Loop

The Hamms' Beer club, in a fight for first place of the National League in the Industrials Monday night at Housel Park, took a big 6-3 decision over the Knights of Columbus behind the four-hit pitching of "Lefty" Joe Baudoin.

The losing hurler was Bob Shultz.

Baudoin helped his own cause by taking batting honors for his team with three for three. Norvel of Hamms' had two for three and Cooper homered in the bottom of the first for three of the five Hamms' runs made in that frame.

The Knights had scored their three tallies in the top of the first inning.

Neither team scored in the second or third frames, but the Hamms' boys came back in the bottom of the fourth with one run for their final tally.

After two more scoreless innings the game was called due to the 9 p. m. time limit for the first game.

Knights 300-000—3 4 1
Hamms' 500-100—6 8 2

The second game of the evening was a real thriller between the Jolly Welders and the Deaver's Devils, which was taken by the Devils 2-1. The game was scoreless until the first half of the ninth when Hayworth singled and scored on a triple by Don Morton, for the one welder run.

In the last of the ninth the Devils fought back after one out as an error put Figue on second and Owens, the pitcher, doubled to tie the game. Another error let Owens score and the Devils won, 2-1.

The winning pitcher was Owens; the loser was Charles.

Tonight at 7:30 p. m. the Adco club will face the Hudson Hornets and the Kilowatts will play the DeMolays at 9 p. m.

Eddie Arcaro at 40 is having one of his best years as a jockey. He led the Aqueduct riders with 25 victories.

The largest opening day crowd in major league history was the 73,163 at Cleveland's Municipal Stadium in 1948. The Indians played the Browns.

Baseball Roundup— American League Teams Go Into Battle For Top Spot

The Associated Press
The run for the American League pennant starts tonight as the Western teams invade the East.

The Chicago White Sox, still trying to get the hang of staying in the lead, barge into Yankee Stadium to harass first-place New York. And Cleveland, just two percentage points behind second-place

Chicago, tries to keep the lid on the Red Sox at Boston.

These four are the teams to watch — although it might be smart to keep an eye on Detroit too — as the contenders try to unseat the tight AL race. Could be things will be straightened out by Aug. 7, when the Western teams head home again.

New York limped back from a terrible tour of the West with only a one-game lead. The White Sox, in first from Friday night until Sunday afternoon, and Cleveland both are a length behind. Boston trails by four games. Detroit is 7 1/2 back.

Going into tonight's games, Chicago and Cleveland have the ad-

vantage, what with apparent romps ahead in Washington and Baltimore while New York and Boston have only Kansas City to provide a breather among the invaders. The White Sox and Indians play eight of their 14 Eastern games against the tailenders.

Detroit is at Baltimore and Kansas City at Washington in a pair of two-night double-headers.

In the National, it's Brooklyn by 13 1/2 as the Dodgers, still physically ailing, head west. Manager Walt Alston has been able to field his regular starters only twice in the last 34 games, yet the Brooks have gained ground. They don't figure to lose it on this trip.

Besides the Dodgers, the Western teams also have to contend with Philadelphia. The Phils, 1 1/2 games behind third-place New York and three shy of second-place Milwaukee, have won 14 of their last 15.

Reason It's Close— 'Hitters Ain't, Hurlers Ain't,' Says Stengel

NEW YORK (AP)—Prof. Casey Stengel looked into space.

He didn't want to look at his New York Yankees, who have him almost, but not quite, at a loss for words.

"Nope," he rasped, "my hitters ain't hittin' and it looks like they ain't never goin' to against them good pitchers that those other clubs have."

That means he's not satisfied with the club's offense.

The fact that the Chicago White Sox, just one game and nine percentage points back of the Yanks in second place, open a three-game set at the Yankee Stadium tonight, didn't make the Professor feel any better.

"Maybe we'll be all right if I can get my pitching straightened out," he reflected. "That's how it was in spring training and that's how it still is."

His pitching will need considerable straightening out. In the past month, the New York hurlers have gone the route only three times, and one effort was against a club that could make trouble. That was a 3-1 loss by Whitey Ford.

New Machine Lets Donors Give Steadily

PHILADELPHIA, Pa. — Nineteen city park guards have become part-time "blood factories" in an experiment scientists here hope will go a long way toward ending the world's shortage of life-giving plasma.

The guards, all hardworking and active, have been donating blood every two weeks, about five times the frequency approved for the average donor by the American Red Cross.

In the unusual part of the experiment, the blood is broken down into plasma and red corpuscles, and the red blood cells are immediately returned to the donors' system by the apparatus, known as the Cohn blood fractionator.

It is the loss of these cells through a normal donation that limits the number of times and the frequency a person can give blood. It takes about a month for the body to build up red blood cells but lost plasma can be replenished overnight.

Joseph Smolens, bacteriologist in charge of the project at the Children's Hospital in Philadelphia, said the Fairmount Park guards have shown no ill effects in the three-month-old experiment, the first of its kind.

Smolens said the new process may enable persons to give up a pint of blood a week or about 50 pints a year. That would be 10 times the amount now permitted. In case of a national emergency the plasma thus obtained could mean the saving of thousands of lives.

The experiment with the 19 park guards will continue for another nine months. The guards, whose duties include horse back riding and directing traffic in the city's busiest arteries, are all volunteers. Some give blood before going on duty, others after their daily shifts.

Before blood enters the fraction-

Two Men to Deaths In Electric Chair

BELLEFONTE, Pa. — Two men convicted of slaying children died five minutes apart last night in the electric chair at Rockview State Penitentiary.

First to die was Patrick Lance, 30-year-old steelworker from Big Bend Twp. Charged with slaying his wife, a 9-year-old stepson and an 11-year-old step-daughter, he was tried only for the boy's shooting.

Elijah Thompson, Jr., 22, an unemployed laborer, was executed for the fatal beating and stabbing of his neighbor, Helen Jean Bryant, 16, last October. Her body was found in a shallow grave near her Alliquippa home five days after she disappeared.

It was the second double execution at Rockview in three months.

Has Loaded Gun—Now

PASADENA, Calif. — When Chick Williams' service station was robbed of \$55 a week ago, he inserted an advertisement in a newspaper urging the gunman to "come back and get your bonus green stamps."

Yesterday two robbers visited the station and took \$225 from an attendant.

Williams still believes in advertising. He inserted another ad which reads: "Staying open 24 hours a day for your convenience."

What Williams didn't say is that he has loaded his shotgun and taken it to the station.

First Woman on Jury

MARFA, Tex. — The current Presidio County grand jury is the first in history with women in its ranks. And one of its first recommendations was that the courthouse be cleaned up and the lawn mowed. Texas voters last year amended their constitution to permit women to serve on juries.

ator, the calcium is removed so it will not clot. In the machine, it is whirled around in a centrifuge, which separates plasma and red cells. Refrigeration prevents destruction of white and red blood cells.

After the separation, red cells are sent coursing back into the donor's arm. During the whole process, which lasts between 20 and 25 minutes, the needle is never removed from the donor's arm.

DO YOU RECOGNIZE THIS SCENE?—If you are an observant Sedalia you will know that this is a view of the new courthouse parking lot, taken from the west side. When the county court decided to make this addition to the courthouse grounds, they felt that a little beautification would go a long way. This little stairway and railing are only part of it. With cement block head walls on either side of the lot, a tubular guard rail encircles the location. The surface was blacktopped Saturday, and the project is near completion. (Staff photo)

Few Changes Expected In Israeli Elections

JERUSALEM, Pa. — Israelis voted today for their third Parliament since the Jewish nation was founded in 1948. No marked changes in foreign or domestic policies were expected to result.

It appeared likely the Mapai, the Social Democrat labor party headed by Prime Minister Moshe Sharett and David Ben-Gurion, again would dominate the one-chamber Knesset being chosen for a four-year term. The Mapai held 49 of the 120 seats in the second Knesset.

Ben-Gurion, Israel's first prime minister and 69-year-old elder statesman, already has agreed to resume the premiership if his party is returned to power. He resigned in 1953 but came out of retirement last February to become defense minister in Sharett's coalition Cabinet.

Sharett is expected to continue as foreign minister. He filled the post under Ben-Gurion and held on to it after becoming prime minister.

Camp Conducts July Christmas For Handicapped

TURMONT, Md. — Christmas-in-July was celebrated yesterday at nearby Camp Greentop by 101 handicapped youngsters.

The strains of carols filled the air. Soap flakes — just for one day — became snowflakes as they drifted down through the trees. Turkey was served, with all the trimmings, and Santa Claus showed up.

The children, 7 to 15 years old and all with physical handicaps, worked in the camp arts and crafts shop, making Christmas tree decorations and gifts for each other.

A member of the camp's staff, which numbers nearly half the enrollment of children, perched atop one of the cabins and sprinkled the "snow" on campers throughout the day.

The idea of the summertime Yuletide was explained by Miss Margaret M. Huffington, administrative assistant to the Baltimore

Patrol Pilot Spots Missing Small Boy

CARTHAGE, Mo. — A pilot of a Missouri Highway Patrol plane spotted a missing boy about 500 yards from the lad's farm home yesterday.

Mr. and Mrs. Clyde A. Potter called on the patrol for help in finding their son, Mark, 23 months old, who wandered from their yard.

Sgt. Bill East, the pilot, saw the boy in a pasture after the family and neighbors had searched unsuccessfully.

League for Crippled Children and Adults, which sponsors the camp. "We feel that Christmas-in-July teaches the youngsters to give and share," she said.

"Our primary objective at Camp Greentop," she said, "is to help the children learn to be happy with their personal talents in spite of their handicaps."

Saddle Club Enjoys A Watermelon Feast

The Versailles Saddle and Sirlain Club met at Jacobs Cave, four miles south of Versailles Tuesday night for their annual election of officers.

George Petty was elected president of the club; Fred Bales, vice-president; and Bill Chapman, treasurer.

Approximately 75 persons attended, all enjoying a watermelon feast and tour through the colorful cave, conducted by Russell Hall.

IT'S PERFORMANCE THAT COUNTS!

CAPTAIN JAMES E. FRANKUM uses Phillips 66 Flite-Fuel

Flite-Fuel puts the Accent on Performance!

"I fly one of Trans World Airlines' new Super-G Constellations. I know that Phillips 66 Aviation Gasoline delivers top performance, because I fly with it regularly. One reason it's so good is Di-isopropyl.

"In my car, I use Phillips 66 FLITE-FUEL. It's the only automobile gasoline with added Di-isopropyl. Like Phillips 66 Aviation Gasoline, FLITE-FUEL always delivers top performance... and it's performance that counts!"

James E. Frankum
Captain James E. Frankum, Trans World Airlines

Flite-Fuel puts the Accent on Performance!

Accent on Higher Octane! Both new FLITE-FUEL and new Phillips 66 Gasoline have been fortified for increased power and higher octane. New FLITE-FUEL is the only gasoline to which is added the super aviation fuel component Di-isopropyl. And today's FLITE-FUEL is better than ever.

Accent on Long Mileage! Proven ability to deliver long mileage under all driving conditions is another reason why FLITE-FUEL has won new users at a record breaking rate. Prove it in your own car, with your own gas gauge.

Accent on Cleanliness! Today's new FLITE-FUEL and new Phillips 66 Gasoline are made with high purity natural gasoline components which burn clean. So they don't need an anti-fouling additive.

It's Performance that Counts! And the way to judge gasoline performance is in your car. Drive in today for a tankful at your neighborly Phillips 66 Dealer's.

Snake Bite Death Ruled As Suicide

ALTA, Fla., (AP)—The death of a 75-year-old preacher bitten by a snake he handled at a revival meeting was ruled a suicide.

The Rev. George Went Hensley, of Albany, Ga., picked up a rattlesnake at a church service Sunday to demonstrate his faith in his religion. He believed his faith made him immune to the venom.

He collapsed soon after he was bitten but refused all medical treatment and died yesterday morning.

County Judge Hannah Gaskin ruled the death a suicide on the ground that Hensley voluntarily picked up the snake and refused medical care afterwards.

An associate, the Rev. O. M. Lassiter, said Hensley had told him that he had been bitten at least 400 times by poisonous snakes in the past 55 years but had never suffered any ill effects.

Lassiter said Hensley was one of the original founders of the Dolly Pond Church of God in Grasshopper settlement near Chattanooga, Tenn., where the handling of snakes as an expression of faith

Drowns After Fall

KANSAS CITY, Mo. — Elze E. Neiter, 51, a carpenter, fell into 10 feet of water and drowned yesterday while working at the Kansas City Water Works plant.

had its origin in the Holiness Church.

Alaska Regions Under Sizzling Heat Wave

FAIRBANKS, Alaska (AP)—The normally frigid arctic regions of Alaska are in the midst of a sizzling heat wave today. The tiny Eskimo village of Wainwright on the Arctic Ocean 90 miles southwest of Pt. Barrow reported a temperature

of 80 degrees yesterday. In Fairbanks it was 147 degrees warmer yesterday than it was on the same date in December. The mercury zoomed to 93. It was 54 degrees below zero Dec. 25, 1954

Russians See A New World In America

HUMBOLDT, Iowa (P)—Two Soviet Russians, Yuri Golubash and Peter Bahmindra, walked around in a 5 and 10 store here last evening.

In Russia they don't have such stores.

Golubash and Bahmindra, along with eight other members of the Soviet farm delegation, stopped last night at the Kozy Corner Motel.

In Russia they don't have motels. Seven of the Russian farm leaders yesterday noon had lunch at the Eagle Grove Country Club.

In Russia they don't have country clubs.

At the urging of photographers, two of the Russians tried their hand at a little golf.

In Russia they don't have golf. All these things and many others set me thinking last night about how many new and different things the members of the Soviet farm group are seeing day after day, things which most of them never even knew existed. Such as:

Drive-in motion picture theaters, used car lots, farm implement retail stores, tall television masts, pastel duo-colored passenger cars, girls in shorts and halters, baseball diamonds, picture windows, dishwashing machines, trailer parks, mowed lawns, aluminum foil, nylon shirts, air conditioners, convertibles with automatic-opening tops, deep freezers, Protestant church services, Chamber of Commerce luncheons, juke boxes, coffee intermissions and cafeterias.

And so many other things. What is the impression which all this makes on the members of the Soviet delegation?

No one can get inside their minds, of course.

But there are some observations which one can make.

In the first place the preparation which the Russians, any Russians, have had for such a visit from their reading in their own press, their own books, the other things said and propagandized about America, is very poor.

Articles entitled "The Impoverishment of American Farmers" (a typical title for a press article in the Soviet Union on American farming) is not exactly the best sort of indoctrination for a genuine introduction to American farming such as this Russian group is getting.

Peron Stands Ground On Party Resignation

BUENOS AIRES, Argentina, (P)—President Juan D. Peron was reported today to be standing firm against appeals from the Peronista party that he continue to serve as boss of the party movement.

Peron declared July 15 that the Peronista revolution was ended. He said he was stepping down "as chief of the revolution to become the president of all Argentines, friends and foes."

He said the government will "only perform the functions of government, and political action will remain exclusively in the hands of political organizations."

After the Peron announcement, Vice President Alberto Teissaire, president of the Peronista party, and other members of the party's Supreme Council resigned their party posts.

The party's National Consultative Junta appealed yesterday to Peron to change his decision, but high party sources said he refused. As a result, these sources said, it was considered virtually certain that the junta would accept the resignations of Teissaire and other council members.

Adjournment Chances Hang In the Balance

WASHINGTON (P)—Chances for adjournment this week of the 1955 sessions of Congress teetered in the balance today as both House and Senate struggled with the usual last-minute rush of bills.

Senate leaders took the position there still is a good chance to wind up by this Saturday night. House leaders appeared somewhat less optimistic.

House leaders called up today one of the big controversial measures of the session—a road construction bill to provide for 43½ billion dollars of federal and state spending over the next 13 years. The Senate has passed it in different form.

The Senate works on a \$1,826,111,614 supplemental money bill—the cleanup appropriations measure for this year with items in it for dozens of government agencies. This has cleared the House in different form.

The Senate also is likely to send to President Eisenhower a compromise military reserve bill designed to provide an eventual force of 2,900,000 trained men. The House passed it yesterday.

The Senate Democratic Policy Committee, which serves as a traffic control for legislation, yesterday held up a stop sign for all but four classes of legislation:

Appropriations bills to run the government; minor bills for which there is "not too pronounced" opposition; "emergency" measures; and conference reports on bills in disagreement between the two houses.

It appeared certain two major pieces of legislation would win final passage—a bill to raise the minimum wage from 75 cents to \$1 an hour and a bill to extend major government housing programs.

Three appropriations bills remain to clear Congress, including the big foreign aid bill.

M. Lanza Case Aside

SANTA MONICA, Calif. (P)—A default judgment against singer Mario Lanza ordering him to pay \$40,000 for damages done to a Bel Air estate has been set aside.

Superior Judge Stanley Mosk yesterday held that Lanza had not been properly served a summons in the case.

Mr. and Mrs. Norman Kaiser charged that Lanza caused damage while leasing their estate for a 28-month period ended last January.

A process server testified last Friday that he served the legal papers in April but Lanza denied it.

Turncoats Face Quick Arrest, Court-Martial

WASHINGTON (P)—Immediate arrest aboard ship at San Francisco and court-martial later await three young American turncoats coming home from Red China.

Pentagon officials said yesterday Army officers will board their ship, a passenger liner, when it docks at San Francisco next Friday and make the arrests there.

The three are William C. Cowart, 22, Dalton, Ga.; Lewis W. Griggs, 22, Jacksonville, Tex.; and Ohio G. Bell, 24, Hillsboro, Miss., and Olympia, Wash.

Captured during the Korean War, they refused repatriation in 1953 and decided instead to go to Red China with 18 other Allied soldiers. After a year and a half there, the returning trio persuaded

the Chinese to let them come home.

At Hong Kong earlier this month, all three said they were willing to serve time in American prisons if necessary, to pay for their "mistakes."

The Pentagon said they will be

held on various charges, including aiding the enemy and misconduct as prisoners. The Army will emphasize that the arrests have nothing to do with the fact that the three originally refused to come home. The Army bases its case on information from other former

American prisoners.

The men will be told they may see any members of their families who are in San Francisco to meet them. But they cannot go home with their families.

About one wife in four has a job outside the home today compared to 15 per cent of U.S. wives in 1940 and 6 per cent in 1900.

No surgery needed to reduce swelling of painful piles at home!

An amazing new, absolutely stainless compound has been developed for the home treatment of piles! Called "Stainless Pazo" it brought instant relief in doctor's tests! Internal and external relief—without surgery! No other preparation offers this proof of results. Here's why, Pazo combines 6 medically-proved ingredients to relieve pain, itching instantly. Reduce swelling. Check minor bleeding. Promote healing. You sit, walk in comfort. Get new Stainless Pazo. Only one pile remedy that won't stain clothes. Suppositories or Ointment at all druggists today!

Your Eyes and Visual Functions

Is your child one of the great number who virtually wastes the time spent in school because of faulty or inefficient vision?

Many, many school surveys come up with the same answer that a surprising number of children in school are visually handicapped. When it is remembered that something like 80% of what the child learns will be learned by seeing, it becomes evident that the child who does not see well is terribly handicapped in trying to do school work.

School surveys and the observation of the teacher or parent are most helpful in detecting evidence of faulty vision or lack of adequate visual skills. It should be remembered, however, that the child can have "perfect eyesight" and pass all the tests in such surveys and still be unable to concentrate or maintain vision for the time required to complete the lessons assigned.

Any parent who is really interested in the child's welfare will see to it that a careful optometric examination is made at regular intervals. Only in this way can the true condition of the child's eyes and visual skills be determined.

The two best times for making such examinations are during the summer months when the child is away from regular studies and again sometime after the child has been in school for a month or more. The optometrist often makes comparison examinations in these widely different periods in order to determine the effect of school work on the child's vision.

If you have not had a careful examination made of your child's vision in recent months, the Missouri Optometric Association urges that you give attention to this most important factor in the child's ability to achieve.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me, I will reply at once and tell you how I received this wonderful relief.
